Statement of need and significant impacts (if any) should the request be denied:

I became the custodian of this raft in 2019. Multiple custodians have come and gone since the item was purchased in 1988. It has been listed as stored in Juneau/Douglas and has been checked off as present and accounted for on recent inventories. Unfortunately, this item is clearly no longer present at the ADF&G warehouses in Juneau or Ketchikan and is not located at the field camps we operate. Commercial Fisheries and Sport Fish staff in other area offices have no knowledge of this item or where it might be. This item cannot be located and is considered missing. If the raft is ever located, I will advise the Region I Administrative Officer for further guidance.
